Written Translation

Translation of all kinds of official and specialized publications and documents, such as:

1. Books and Journals.
2. Documentation for legal and academic procedures.
3. Instruction manuals.
4. Corporate and advertising texts.
5. Corporate and financial reports.
6. Transcripts of video clips and conferences.
7. Translation of movie scripts and subtitles.

Our Certified Translations are legally endorsed by our corresponding Sworn Translators, who are registered before the Colombian Ministry of Foreign Affairs.

Interpretation

Rather than a trade, interpretation is an art. Our interpreters are able to translate orally and in real time a speaker's ideas, content and gist in a clear, fluid and natural fashion.

Simultaneous Interpretation

Perfect for seminars, conferences, pitches and presentations in general which address a numerous audience.

Consecutive Interpretation

The interpreter translates a speech sentence by sentence. The lecturer stops at the end of every main idea and the interpreter translates it into the target language. This modality is particularly appropriate for high-level meetings, speeches and technical training sessions.

Whispered interpretation (Chuchotage)

The interpreter is located near the client and simultaneously translates a speech. We suggest this option for international guests, business rounds and international fora.

We connect countries; we connect cultures.
